

## Design Our Nature Garden Competition

Hello everyone!

Our Eco-council has decided to make a nature garden at the top of our field.

This space will belong to you and will give you a chance to search for bugs, watch birds, pond dip, seek out hedgehogs, curl up in a wild space with a book and be inspired scientifically and artistically by nature.

This garden will be yours. Because of this, we would like it to be designed by you. The prize is simple, your design will be turned into our little nature garden.

You can be as creative as you would like with your designs. Mr H-M has made an example in case you need inspiration and ideas. Don't forget to include the names of the plants, flowers and wildlife you'd like to see in the garden.

Your ideas will need to be in on Wednesday 5<sup>th</sup> June.

Happy Creating!

From Mr Henry-Moore

# Tiffield Primary - Nature Garden Plan

by Mr H.M

- ① Ramp for wildlife, flag iris, Water mint
- ② Buddleia - To sit around.
- ③ Bug houses made by us.
- ④ Hedgehog house with webcam.
- ⑤ Reading area, grass and pot plants around buddleia. Bean bags and cushions to sit on.
