Gayton Primary Pupil premium strategy statement

This statement details our school's use of pupil premium (and recovery premium for the 2022 to 2023 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

School overview

Detail	Data
School name	Gayton CE Primary
Number of pupils in school	64
Proportion (%) of pupil premium eligible pupils	20%
Academic year/years that our current pupil premium strategy plan covers.	2022/2023
Date this statement was published	September 2022
Date on which it will be reviewed	July 2023
Statement authorised by	Eliza Hollis Executive Headteacher
Pupil premium lead	Eliza Hollis Executive Headteacher
Governor / Trustee lead	Peter Brough, lead for disadvantaged pupils

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£15,836
Recovery premium funding allocation this academic year	£2,000
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0
Total budget for this academic year	£17,836
If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year	

Part A: Pupil premium strategy plan

Statement of intent

We aim for every child, within our school to reach or exceed their full potential and become lifelong learners. We provide personalised learning opportunities and targeted support to allow every child to flourish.

We recognise that not all pupils who are academically or socially disadvantaged receive pupil premium funding. We reserve the right to allocate pupil premium funding to support any pupil, identified by the school as being at a significant disadvantage. The focus of our pupil premium strategy is to support disadvantaged pupils to make good progress and achieve high attainment across all subject areas.

We understand the challenges faced by vulnerable pupils and will support their needs.

Our approach has high quality teaching at the core of our pupil premium strategy, proven to have the greatest impact on closing the disadvantage gap and at the same time will benefit the non-disadvantaged pupils in our school.

Our intention is that all pupils, irrespective of their background or the challenges they face, make good progress and achieve high attainment. We have robust assessment systems in place to identify when children have barriers affecting their learning and tailor specific interventions which are delivered by highly trained staff. This practice of personalised learning applies to all pupils across the learning spectrum including pupils who are identified as high attainers.

Our approach will be responsive to common challenges and individual needs, rooted in robust diagnostic assessment, not assumptions about the impact of disadvantage. The approaches we have adopted complement each other to help pupils excel. To ensure they are effective we will:

- ensure disadvantaged pupils are challenged in the work that they're set
- adopt a whole school approach in which all staff take responsibility for disadvantaged pupils' outcomes and raise expectations of what they can achieve

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Identified SEMH barriers to learning can have a detrimental effect on specific pupil's academic progress
2	Poor Language and Communication skills.
3	Difficulties in early reading/ phonics
4	To increase the attainment of pupil premium pupils to reduce the disadvantaged gap.

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
All children to be in a productive mind-frame for learning, including those identified with SEMH barriers to learning.	All children learn about mental health and wellbeing and are encouraged to talk through their emotions in school. Action is taken promptly to implement support and interventions when SEMH needs are newly identified. Use of outside agencies sought for children whose needs require more additional support.
Improved communication and vocabulary	Improved vocabulary and communication.
Pupils confident in early reading strategies - % passing year 1 phonics screening	Pupils early reading skills are embedded and pupils confidently acquiring the early reading strategies
To close the gap and increase numbers of children meeting expectation at the end of each year and at the end of KS2 and enable Age Related pupils to move beyond this into Greater Depth.	Support and intervention is put in place quickly for those disadvantaged pupils who are falling behind their peers. Challenge is evident in all lessons and targeted children are supported to deepen their understanding to a greater depth level. Accuracy in written work is expected in all lessons and basic errors are addressed quickly by teaching and support staff. The gap between Pupil Premium and non-Pupil Premium children across the school is reduced. Reading/ Writing support established to support further progress

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) this academic year to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £4,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
Reading is prioritised to enable all vulnerable groups, particularly PP children, to access the full curriculum offer. All staff will improve their subject knowledge of reading through CPD, coaching, workshops and modelling of expert teachers to enable them to teach reading effectively. Sounds Write phonics lead to provide instructional coaching and training updates for staff, to	DFE – 'Supporting the attainment of disadvantaged pupils; articulating success and good practice – Nov 2015' – successful school strategies – "Focus on improving the quality of classroom teaching"	1,2,3,4,
continually refine and improve practice so that teaching and learning are highly effective. CPD masterclasses is in place for all phonics teachers to attend	EEF says 'great teach- ing is the most im- portant lever schools have to improve out- comes for their pupils. Ensuring every teacher

Drawing and talking therapy 1:1 sessions and group	There is extensive evidence associating childhood social and emotional skills with improved outcomes at school and in later life (e.g., improved academic performance, attitudes, behaviour and relationships with peers): EEF_Social_and_Emotional_Learning.pdf(educationendowmentfoundation.org.uk)	1,
Additional phonics sessions targeted at disadvantaged pupils who require further phonics support. This will be delivered in collaboration with our local English hub.	Phonics approaches have a strong evidence base indicating a positive impact on pupils, particularly from disadvantaged backgrounds. Targeted phonics interventions have been shown to be more effective when delivered as regular sessions over a period up to 12 weeks: Phonics Toolkit Strand Education Endowment Foundation EEF	3
Language acquisition is prioritised across all lessons and explicit strategies for extending the breadth and depth of vocabulary are evident.	Improve speaking, listening, and understanding skills for pupils eligible for PP in Y1 and Reception classes. EEF toolkit states that Oral Language Intervention has an effect of +5 months when extending and refining children's spoken language.	2
Classroom environments are rich in vocabulary. Story time to occur daily to broad the children's repertoire of vocabulary.	EEF toolkit states that Early Years Intervention has an effect of +5 months, particularly for low income families. The focus of the interventions needs to be on developing attitudes and learning behaviours so that the intervention has a lasting impact. EEF Toolkit states – 'Research which focuses on

quality words.

Activity	Evidence that supports this approach	Challenge number(s) addressed
Wider school enrichment opportunities – trips, after school provision, music tuition, residentials	Increase opportunities for cultural capital as children do not always have a variety of experiences beyond their immediate home environment and future aspirations are limited and to support personal development	1,

Total budgeted cost: £17,836

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2022 to 2023 academic year.

Phonics are the early building blocks for Reading and Writing. Without an understanding of these pure sounds, pupils will not be able to be successful learners.

Children all attended residentials and school trips.

Children's mental health and wellbeing improved and pupils working within age related expectations

Service pupil premium funding (optional)

For schools that receive this funding, you may wish to provide the following information:

Measure	Details
How did you spend your service pupil premium allocation last academic year?	All children accessed after school clubs and residentials
What was the impact of that spending on service pupil premium eligible pupils?	Pupils mental health and wellbeing improved and pupils flourished.
