

**Years 5 & 6
Autumn 2 2025
Curriculum Overview**

Geography

In Geography we will be learning about the different reasons why populations increase and decrease across different countries.

PHSE

We will be studying the unit CITIZENSHIP. We aim to help each other and value all the qualities we have to become good citizens.

Computing

In addition to teaching skills to support pupils across the curriculum, we will be learning about the advantages and disadvantages of using AI.

RE

This term, we will study People and God and how following God can bring freedom and justice.

PE

In PE, we will be learning how to put together routines including different types of rolls and also developing netball skills in our Rhino Sport's sessions.

English

In English, we will start the term by completing a non-fiction unit on a persuasion/explanation.

Our class reader for this term will continue to be Beowulf by Michael Morpurgo, but we will also study different types of persuasion texts.

Maths

Both Year Groups will continue to use Maths No Problem as a platform to develop their learning. There will be a focus on multiplication and division in Year 5, where Year 6 will be studying Fractions and decimals.

Science

Our topic this term is Light and reflection. This will involve some interesting and engaging experiments.

Music, Art and DT.

In Music, the children will be learning songs for our Christmas production

Art the children conducting an artist study for a given artist. .
