

Class 2 Spring term 1

History

In History this term we will be studying Ancient Egypt. During this unit children will learn about Ancient Egypt through studying artefacts; learn about Egyptian beliefs about life after death; children will also learn about mummification and have a chance to explore the process when mummifying an orange! Our class will also explore the significance of hieroglyphs and learn about Egyptian gods, pharaohs and the River Nile.

English

This term in English, we will be focusing on stories that build tension and excitement. Our class text is *Varjak Paw* by S.F. Said, which we will use to explore how authors create suspense and keep readers engaged. Children will learn different techniques to add tension to their writing and will use these skills to write their own exciting adventure stories.

Maths

This term in maths, **Year 2** will be focusing on **mass, temperature and pictograms**, developing their skills in measuring, comparing and interpreting data. **Year 3** will be focusing on **mass and volume**, building their understanding of measuring and comparing different quantities.

PHSE

In spring term 1, we will be learning about money and careers. Exploring payment methods, why some are better, and how budgeting helps us plan. We will also consider feelings in money situations and how spending affects others and the environment. We'll also discover job options, skills, interests, and challenge stereotypes

RE

This term in RE, children are learning about Sikhism. They will explore key beliefs such as one God, equality and service, the 5 K's and learn about Guru Nanak. The children will study the Gurdwara and its features, understand the importance of Langar, and see how Sikh values of kindness, community and service are lived out in Britain today. We will also have the opportunity to see these things in practice with a visit to a Gurdwara.

Science

This term in science year 2 will be looking at materials, how to group them and which materials are best to use different items. Year 3 and 4 will be looking at solids, liquids and gases. We will be looking at how evaporation and condensation affect these properties.

Computing

In Computing this term, we are using Microsoft Sway to create our own websites. We will be also be using search engines and discussing online safety.

PE

In PE this term the children will be doing boxercise with Rhino and rugby with the Towcestrians.

DT

.In DT the children will be learning about cooking and nutrition. They will be researching foods from around the world, selecting recipes and preparing foods. This will also link to our RE topic.
